### A message from Netball WA's CEO

Today's announcement by the Prime Minister of a three-step plan to return to a COVID-safe economy, is an exciting step towards getting our sport back on the court.

As part of the Prime Minister's plan, organised community sport is expected to resume in step two, pending the rollout of the plan in each state.

We will await further advice from the State Government with Premier McGowan expected to give an update this Sunday, and we will approach each next step with the health and wellbeing of our members at the forefront of our decision making.

We will provide a further update later next week and until then, stay safe.

Simon Taylor  
CEO
