

CONTACT TRACING – COMMUNICATION EXAMPLE 1

If an Association or Club determine there are no close contacts to the positive case, you may still choose to notify people so they can monitor for symptoms. The below is an example only, and each Association/Club may change to suit the situation they are managing.

Dear Member/Participant,

Thank you for your support and cooperation as we work through an evolving Covid landscape in Western Australia. Our focus remains the safety of our players, officials, coaches and families involved in our sport.

Please be advised that we have been notified of a positive Covid-19 case and you should immediately monitor for symptoms.

According to the State Government definitions of a Close Contact we do not believe you have reached the required thresholds; however, we encourage you to monitor for symptoms.

We have received notification of a positive case of a player involved in the game between CLUB A and CLUB B, on DATE ABC, played at LOCATION.

Please Note: that this communication could also relate to a trials/training session or other team/club commitments.

Should you require further assistance, please visit [Department of Health](#) or contact 13COVID (13 26843).

We thank you for your support in this matter as we aim to provide a safe environment for all people to participate.

CONTACT TRACING – COMMUNICATION EXAMPLE 2

If an Association/Club determined there has been a situation of close contact, in accordance with the definition, you should notify the people affected and advise them they are a close contact.

The below is an example only, and each Association/Club may change to suit the situation they are managing.

Dear Member/Participant,

Thank you for your support and cooperation as we work through an evolving Covid landscape in Western Australia. Our focus remains the safety of our players, officials, coaches and families involved in our sport.

Please be advised that we have been notified of a positive Covid-19 case and you have been identified as a Close Contact.

We have received notification of a positive case of a player involved in the game between CLUB A and CLUB B, on DATE ABC, played at LOCATION.

Please Note: that this communication could also relate to a trials/training session or other team/club commitments.

As a close contact you must follow all State Government guidelines which are outlined at [Department of Health](#) or contact 13COVID (13 26843)

We thank you for your support in this matter as we aim to provide a safe environment for all people to participate.
