

NETBALL WA 2023-25 STRATEGIC PLAN

Netball WA acknowledges the Traditional Owners of Country throughout Western Australia where our sport is played and enjoyed. We recognise their continuing connection to land, waters, and community. We pay our respects to them and their cultures; and to Elders both past and present.

NETBALL WA

STRATEGIC PLAN 2023-2025

What an exciting time to be leading Netball in Western Australia as we navigate a number of challenges but a wealth of powerful opportunities.

Our Netball WA leadership team has challenged ourselves to think bold and be courageous in defining our 2023 – 2025 Strategic Plan. And we are pleased to present this to you.

At the heart of our strategy is an enduring vision for a strong and sustainable future, underpinned by excitement, passion, and inspiration. We believe our new strategy has the opportunity to take netball to places it hasn't been before in Western Australia.

BEING THE SPORT OF CHOICE FOR ALL IN WA

Defending and growing participation in the face of competitive forces, as well as diversifying our sport with new offerings to include all social groups and abilities is a clear priority for us. We want to be the sport of choice for all in WA.

POSITIVE CONNECTION TO OUR SPORT

We want the wider WA community to be connected and invested in Netball. We will develop this by encouraging a stronger connection with fans and members. We will build a sustainable business model focusing on generating diversified revenue

streams and continuous improvement initiatives to make us more effective and efficient.

CREATING AN INSPIRING FUTURE

We want to take West Coast Fever and Netball WA to places it's never been before. That means building on the on-field success of the Fever, supporting our WANL talent base and ensuring robust pathways for our players, coaches, umpires and support staff. We want to have a positive impact in the community and will do this through effective social impact and further growth of our Glass Jar Australia partnership.

Underpinning and enabling our strategic priorities will be our commitment to team excellence, governance, purpose led partnerships and the use of technology to drive a customer centric approach.

We hope you are excited to join us on our journey to 2025.
