Policy Statement

Netball WA (NWA) is committed to the health of its members and participants. Over 52,000 people are registered to play netball every week throughout Western Australia, and 15,000 plus are involved as coaches, officials, administrators and spectators.

Scope

Everyone involved in or affected by netball in Western Australia including Member Associations, Clubs, Members, Staff, Volunteers, Coaches, Officials, participants and audiences at games.

Purpose

- Reinforce NWA's commitment to the promotion of healthy habits and regular physical activity
- Provide an outline for staff, volunteers, members and participants in relation to healthy environments and healthy behaviour
- Improve the potential for sustainable health behaviour change
- Demonstrate NWA's commitment to providing a duty of care to members
- NWA will align to the Healthway mandatory minimum health requirements for all Healthway funded organisations as a condition of funding.

Position Statement

NWA adopts the [Healthway Policy Position: Minimum Health Requirements](#) to ensure activities inspire and empower all Western Australians to live healthy lives and encourage inclusivity and sustainability.
